WORK EXPERIENCE

Ocean Spa Covers   Knoxville, Tennessee
Database Administrator for a wholesale and retail family business   01/2022 - Current
- Designed and implemented a tailored database solution to optimize inventory management, showcasing a keen understanding of database architecture.
- Increased productivity by providing an easy-to-use database. Fewer issues and more sales.
- Conduct rigorous quality assurance assessments to enhance product integrity.

Pawket Vets   Knoxville, Tennessee
UX/UI Developer   09/28/22 - 10/13/22
- Engineered a responsive web application by leveraging industry-standard design tools such as Figma, showcasing a commitment to modern design principles.
- I have produced comprehensive prototyping processes to align project deliverables with strategic objectives, ensuring a smooth transition from concept to implementation.
- Applied expertise in front-end development, utilizing HTML, CSS, and Bootstrap to bring the prototype to life. The result was a visually stunning and user-friendly interface that met and exceeded project requirements.

DalO Systems   Conakry, Guinea
UX/UI Designer   01/2021 - 12/2021
- Crafted and developed responsive web pages tailored to diverse business owners' unique needs.
- Engineered intuitive Data Analytic Dashboards, providing users with a seamless and user-friendly interface for efficient data interpretation.
- Designed List Views focusing on enhancing user experience, facilitating a comfortable and efficient way for businesses to manage and view their items.

Make Me Modern   Knoxville, Tennessee
Web Design Intern   03/2019 - 05/2019
- Redesigned a client's website on WordPress
- Implemented code in WordPress to achieve the desired look
- Developed enhanced visuals for the website's interface
